

Get Stable...

A lecture and hands-on series covering stable care for you and your horse.

This series consists of 5 week day evenings for 2 hours each from 5:00-7:00pm. You will have the opportunity to gain a little extra knowledge and experience concerning the following topics:

Braiding & Mane Pulling

June 4, 2008

Learn how to correctly pull your horse's mane and the different ways of braiding. Don't think we forgot about the tail! Pizza and pop will be provided for this lecture!

Proper Grooming & Clipping & Show Prep

June 11, 2008

Understand how to maintain your horse's good looks with just a little extra effort. Don't forget to properly learn how to clip and the tips & tricks behind getting ready for a show!

Proper Saddle & Bridle Fit

July 16, 2008

Learn the difference between a poorly and properly fit saddle and bridle. Find out the many types of bits, pieces to a saddle & bridle, and don't over look the different kinds of saddles and bridles.

Conformation & Anatomy of the Horse

July 2, 2008

Find out how conformation determines how a horse moves and his abilities. Need to know what "that part" is before you call the vet or your trainer? Find all this out and more!

Wraps & Bandages & Boots

June 25, 2008

Which way does that go, how tight do I make it, and when do I need to use it? These questions and many others will be answered while learning the different types, sizes, and uses of wraps, bandages, and boots.

This series can be pre-purchased for \$45.00 per student. Each topic separately is \$10.00 per student. Please RSVP 440-343-2191 to reserve your spot! Use 1 form for each student!

Get Stable series to be held at Derbyshire Stables 6640 Ravenna Road Concord, Ohio.
